

## RING SIZE GUIDE

THESE RING GAUGES ARE PROVIDED AS A GUIDE ONLY.

Please read the following page regarding ring sizing!

Katy Beh Contemporary Jewelry will only guarantee accuracy of finger size measured by the Katy Beh staff for each specific ring Special Ordered.

Print this page, but be sure to NOT have “Shrink oversized pages to print” or “Expand small pages to paper size” selected in the Print dialog box. This is essential for proper sizing.

### Method A

Measure a ring that fits you or your intended recipient. Place the ring over the circle, making sure the inside of the ring lines up with the outside of the circle. If you are between sizes, order the larger size.

### Method B

1. Cut out the sizer. Make a slot in the sizer by cutting along the dashed line.
2. Roll the sizer into a circle with the numbers on the outside.
3. Insert the pointed end into the slot.
3. Place the sizer around the finger to be measured and pull the pointed end through the slot until the paper is snug around your finger.
4. Read finger size on the scale.

In this example, the ring size is 12.

In this example, the ring size is 12½.

## RING SIZE GUIDE

The sizing of rings is often a tricky process. Many factors including air travel, spicy foods, alcohol, exercise and hot weather can dramatically influence finger size. Additionally, rings and fingers come in all widths and shapes; and every variety will fit differently on every person. The options and outcomes are infinite. Katy Beh Contemporary Jewelry guarantees that rings will be the size ordered; however, we cannot guarantee the size of your finger.

The first time we adjust the size of a ring that was purchased **from our existing inventory** the service is complimentary. The ring must be returned to KBCJ in new condition and within 15 days of purchase.
